

SUMMARY

Motivated Computer Science under graduate with strong programming fundamentals and analytical skills. Passionate about building efficient and practical solutions using technology. Seeking opportunities as an intern or entry-level professional to apply technical knowledge, contribute to projects, and grow in a dynamic work environment.

EDUCATION

Bachelor of Science- Computer Science

ICFAI University, Hyderabad
2024- 2027 (Pursuing)
CGPA: 9.44 (Up to II Year- I Semester)

Intermediate-MPC(2024)

Narayana Junior College, Kollur
Percentage: 90.1%

High School(2022)

Sreenidhi High School, R.C. Puram
CGPA: 9.5

SKILLS

Technical Skills

Programming: Python, C, Java, Devops
Database: SQL (DBMS)
Operating System: Windows
Version Control: Git, GitHub

Soft Skills

Problem Solving
Analytical Thinking
Team Collaboration
Communication

CERTIFICATIONS

- Smart India Hackathon (SIH) Participant, [2025]
- Microsoft Certification in Artificial Intelligence, [2026]
- Introduction to Linux (LFS101), The Linux Foundation - [2026]

EXPERIENCE

DevOps Intern

CodeCrux Web Technologies | 2026

- Worked with Kubernetes and cloud platforms (AWS, Azure, GCP).
- Assisted in CI/CD pipeline implementation and deployment automation.
- Supported cloud infrastructure management and monitoring.

PROJECTS

AI Fraud Detection System

--ICFAI UNIVERSITY(2024)

- Built a basic AI model for financial fraud detection.
- Used Python for data processing and prediction.
- Analyzed transaction patterns to identify suspicious activities.
- Applied basic machine learning technique

Smart India Hackathon | Tourist Safety Monitoring System

--Participant --2025

- Developed an AI-powered Tourist Safety Monitoring & Incident Response System using Blockchain, Geo-Fencing, and AI technologies.
- Designed features including Digital Tourist ID, emergency SOS alerts, real-time tracking, and anomaly detection for enhanced tourist safety.

ADDITIONAL INFORMATION

Language Skills

- Strong language skills in English and Telugu
- Intermediate in Hindi
